Xerox
FaxCentre F12
more than a fax machine…
more than you expect

XEROX®

The Xerox FaxCentre® F12 multifunction system:
Endless possibilities.

To make any investment in technology worthwhile, you need to use it to its full potential (of course, some technology has more potential than others).

Introducing the Xerox FaxCentre F12—a faxed-based multifunction system from Xerox Corporation.

The FaxCentre F12 is the one answer for your many office document output requirements. With digital fax, print, copy, and scanning capabilities, the ways in which you can use— and benefit from—the FaxCentre *are limitless.*

Work however you want. The FaxCentre F12 does it all.

Now, more than ever, you need practical solutions that help you get work done productively, affordably, and with extremely high quality.

The FaxCentre F12 can help.

The FaxCentre F12 is loaded with standard productivity-enhancing features like 200 speed dial locations, two-sided printing, and long-lasting replaceable cartridges that truly make a difference in productivity. At the same time, the FaxCentre F12 also maintains high levels of quality via features like 400 x 400 dpi resolution, color scanning, and bundled ScanSoft software.

Of course, while the FaxCentre F12 helps the speed and quality of your document production, it also saves you money. Replacing your copier, printer, and fax machine with a single, affordable FaxCentre F12 cuts equipment, space, consumables, and service costs.

print

A fax machine that prints, copies, and scans.

The FaxCentre delivers all the features of a high-end fax device at an extremely competitive price. Finally, you can afford to raise your standards.

- Fast transmission speed (3 seconds per page) reduces phone charges significantly.

- An impressive 400 x 400 dpi sending fax resolution means that the documents you fax arrive at their final destination looking as good as when you sent them.

- Storing up to 200 speed dials simplifies faxing, eliminates manual dialing, and increases productivity.
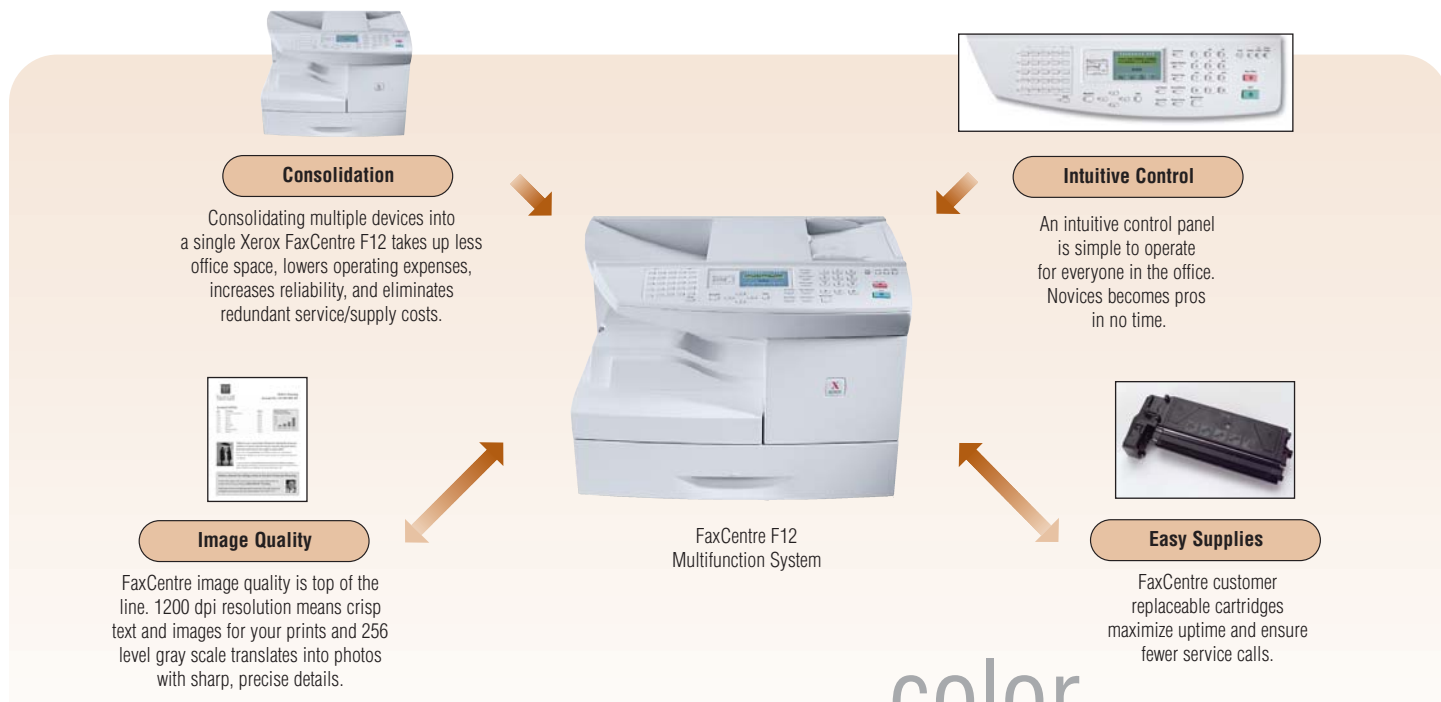

Productive digital printing

Every FaxCentre is a digital printer, thanks to the *Direct Print* feature. Just connect a workstation to the FaxCentre via a standard parallel or USB port, and *start printing*.

- Twelve 600 dpi resolution pages per minute means both productivity and image quality requirements are met.

- Standard PCL 6 printing ensures compatibility with the most common industry-standard operating systems.

- Two-sided printing improves productivity and reduces paper waste.

- An optional External Ethernet Print Server can get the rest of the office connected to the FaxCentre for high quality network printing.

fax

Consolidation

Consolidating multiple devices into a single Xerox FaxCentre F12 takes up less office space, lowers operating expenses, increases reliability, and eliminates redundant service/supply costs.

Intuitive Control

An intuitive control panel is simple to operate for everyone in the office. Novices becomes pros in no time.

FaxCentre F12
Multifunction System

Image Quality

FaxCentre image quality is top of the line. 1200 dpi resolution means crisp text and images for your prints and 256 level gray scale translates into photos with sharp, precise details.

Easy Supplies

FaxCentre customer replaceable cartridges maximize uptime and ensure fewer service calls.

scan

Reliable digital copying

The FaxCentre F12 lets you copy at 12 pages per minute. With built-in technology that ensures high uptime and minimal waste, it's the kind of quality, reliability, and productivity you would expect from The Document Company, Xerox.

FaxCentre F12's intuitive control panel

copy

- The *Scan-once-print-many* feature saves time by eliminating the re-circulation of documents through the Automatic Document Handler, eliminates wear and tear on the system, and ensures consistently high quality output.

- *Electronic Collation* eliminates the need for manual sorting.

- A Toner Saver Mode uses up to 10% less toner when copying—better for image quality and better for the longevity of toner cartridges.

High resolution scanning

Like the rest of its functions, the FaxCentre F12 scans with outstanding speed, quality, and reliability. It's never been easier to bridge the hardcopy and digital worlds.

- Color scanning enables a fast, easy transition from on-paper to on-screen and on-line.

- Scanning images from hardcopy directly into common applications like Microsoft Word® and PowerPoint® helps office workers create higher quality, professional documents.

- Bundled with ScanSoft's award winning document management software, PaperPort® and TextBridge®, the FaxCentre F12 offers the ability to customize and distribute scanned documents.

FaxCentre® F12

CONFIGURATIONS	FaxCentre® F12
Print/Copy Speed	12 ppm letter
First-Copy-Out Time	12.7 seconds
Resolution	1200 dpi enhanced print, 300 dpi copy
Standard Features	Two-sided copying and printing
Recommended Volume	1,000 to 5,000 images/month
Duty Cycle	Up to 15,000 pages/month
Options/Accessories	550-sheet Second Tray, External Ethernet Print Server, Stand

FaxCentre® F12

Specifications

FAXING
Transmission Speed: 3 seconds per page
Fast Scan Speed: Less than 2 seconds per page
Modem Speed: 33.6 Kbps
Data Compression: MMR/MR/MH/JBIG
  JPEG for color fax transmission
Transmission Resolution: 400 x 400 dpi
Fax Memory: 6.5 MB
Dialing
  Speed Dials: Up to 200 locations
  One Touch Dials: 50
  Group Dials: Up to 199 locations
Fax Features
  Halftones: 256 levels
  Color Fax Tx/Rec: Yes/No
  Battery Backup: Up to 72 hours
  when fully charged
  Department Codes: 50
  Mailboxes: Up to 15

COPYING
Speed: 12 copies per minute
Resolution: 300 x 300 dpi
First Copy Out: 12.7 seconds
Two-Sided: From single sided originals
Reduce/Enlarge: 25-200% in 1% increments
Productivity: Scan Once Print Many Electronic Pre-Collation
Multiple Copies: Up to 999 copies of multiple page originals

PRINTING
Technology: Laser Monochrome
Speed: 12 ppm
Resolution: 1200 x 1200 dpi enhanced
Two-Sided: Yes
Page Description Language (PDL): PCL 6
Print Drivers: Windows 95/98/NT4.0/2000/ME/XP
Interfaces: USB** and IEEE 1284
(** USB cable included)

COLOR AND MONOCHROME SCAN
Technology: Direct Connect to PC
  (USB or IEEE 1284)
Speed
  Monochrome: 6 seconds per page
  Color: 115 seconds per page - 300 dpi USB
Scan Resolution Settings: Variable
Scanning Resolution: 75 - 4800 dpi interpolated
Pre-scan: Yes, 75 dpi TWAIN standard
Depth
  Grayscale: 10 bit (Internal)/8 bit (External)
  Color: 32 bit (Internal)/24 bit (External)
Scan Driver: TWAIN Standard
Bundled Software: PaperPort® Deluxe 7.0
  TextBridge® Pro Millennium

MEDIA HANDLING
Input Paper Capacity
  Standard Tray: 550 sheets
  Bypass Tray: 100 sheets
Paper Size
  Minimum: 5" x 7"/127 x 176 mm
  Maximum: 8.5" x 14 "/216 x 356 mm
Paper Weight
  Standard Tray: 16-24 lbs/60-90 gsm
