# Resident typefaces (PCL5)

For PCL5 (Printer Command Language) printing (HP Laserjet III emulation), the printer supports Courier, Times, and Universe typefaces in medium, bold, italic medium, and italic bold.   Printing of PCL5 files is supported as a separately enabled option.

You can determine if the PCL5 language is enabled for your printer by checking the printer's configuration page.  Refer to the printer's CD-ROM for details on enabling the PCL printing option.
