Overview

Note *For the latest information on color libraries, call Tektronix Customer Support in the U.S. and Canada at 1-800-835-6100. Outside the U.S. and Canada, contact your local Tektronix reseller.*

Use the following PANTONE files with specific applications.

PANTONE Color file	Application
PANTONE-Tek Phaser 550.ai	■ Adobe Illustrator 3.0 ■ Adobe Illustrator 5.0
PANTONE-Tek Phaser 550.acf	■ Aldus PageMaker 5.0 ■ Aldus FreeHand 4.0

Installing the files

The PANTONE Color files are available on the Phaser 550 CD-ROM and the Printer Software for the Macintosh diskette.

Click on the following topics for more information:

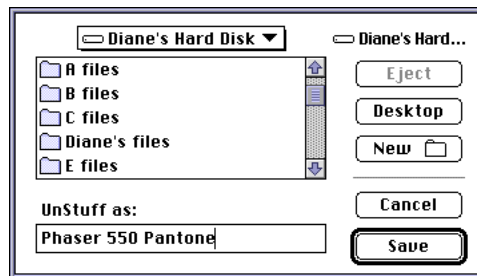

- [Installing from a CD-ROM](#)
- [Installing from a floppy diskette](#)

■ **Installing from a CD-ROM**

1. Insert the Phaser 550 CD-ROM into your computer's CD-ROM drive and open the *Phaser 550 Pantone* folder.
2. Copy the Pantone files you want from the CD-ROM to your hard disk. Refer to the following individual application notes for instructions on where to install the files.

■ Installing from a floppy diskette

1. Insert the Printer Software for the Macintosh diskette into your computer's disk drive.
2. Double-click on the *Phaser 550 Pantone.sea* compressed archive file.
3. At the **Self-Extracting Archive** dialog box, click **Continue**.
4. In the dialog box, select the location, such as your hard drive, where you want the decompressed PANTONE files saved.

5. At the prompt `Install software as:` you are asked to name the folder where you want the decompressed files saved. Use either the default folder name listed in the edit box or type in the name you want for the folder. Then click **Save**.
6. At the **Installation was successful** dialog box, click **Quit**.

The contents of the decompressed file are saved in the folder you specified and are ready for use.

7. Refer to the following individual application notes for instructions on where to install the PANTONE files.

Using the PANTONE Color templates

Click on the following topics for more information:

- [Adobe Illustrator 3.0](#)
- [Adobe Illustrator 5.0](#)
- [Aldus FreeHand 4.0](#)
- [Aldus PageMaker 5.0](#)
- [Adobe PageMaker 6.0](#)

The *PANTONE-Tek Phaser 550.ai* file lets you customize PANTONE Colors for Adobe Illustrator and Phaser 550 printers. This file is application-specific and printer-specific.

Adobe Illustrator 3.0

1. Locate the *PANTONE-Tek Phaser 550.ai* file according to the instructions in [Installing the files](#).
2. Drag the *PANTONE-Tek Phaser 550.ai* file to the *Illustrator* application folder on your hard disk.
3. Use this file as a template to create documents for printing.

Adobe Illustrator 5.0

1. Locate the *PANTONE-Tek Phaser 550.ai* file according to the instructions on in [Installing the files](#).
2. Drag the *PANTONE-Tek Phaser 550.ai* file to the *Illustrator* application folder on your hard disk.
3. Choose **Import Styles** from the **File** menu in Illustrator and import the *PANTONE-Tek Phaser 550.ai* file.

Aldus FreeHand 4.0

The *PANTONE-Tek Phaser 550.acf* file is used by the application to properly specify PANTONE Colors for the Phaser 550 printer.

1. Locate the *PANTONE-Tek Phaser 550.acf* file according to the instructions in [Installing the files](#).
2. Place the *PANTONE-Tek Phaser 550.acf* file in the **Color** folder in the **Aldus** folder, inside the **System Folder**.
3. Start FreeHand.
4. From the **Colorlist** window choose **Options**, **Import** and select *PANTONE-Tek Phaser 550.acf*.

Aldus PageMaker 5.0

The *PANTONE-Tek Phaser 550.acf* file is used by the application to properly specify PANTONE Colors for the Phaser 550 printer.

1. Locate the *PANTONE-Tek Phaser 550.acf* file according to the instructions in [Installing the files](#).
2. Place the *PANTONE-Tek Phaser 550.acf* file in the **Color** folder in the **Aldus** folder, inside the **System Folder**.
3. Start PageMaker.
4. Choose **Element, Define Colors, New, Libraries**, then select *PANTONE-Tek Phaser 550.acf*.

Adobe PageMaker 6.0

The *PANTONE-Tek Phaser 550.acf* file is used by the application to properly specify PANTONE Colors for the Phaser 550 printer.

1. Locate the *PANTONE-Tek Phaser 550.acf* file according to the instructions in [Installing the files](#).
2. Place the *PANTONE-Tek Phaser 550.acf* file in the *Color* folder in the *RSRC* folder inside the *Adobe PageMaker 6.0* folder.
3. Start PageMaker.
4. Choose **Element, Define Colors, New, Libraries**, then select *PANTONE-Tek Phaser 550.acf*.
