- [Using the Installer](#)
- [Using a specific application](#)

Installed items

The Phaser 550 diskettes and CD-ROM include an installer application that automatically installs the following printer software onto your Macintosh hard disk. You can select a standard installation or select individual items.

■ **Standard printer software**

- Installs PPDs (PostScript Printer Description files) for drivers and applications in the *Printer Descriptions* folder, in the *Extensions* folder, inside the *System Folder*.
- Installs Phaser 550 Utilities into a *Phaser 550 Utilities* folder inside a *PhaserTools* folder created by the Installer application. Exception: The *LaserWriter Utility* is installed in the *PhaserTools* folder.
- Installs color sampler charts and a fonts sampler in a *Samplers* folder inside a *PhaserTools* folder created by the Installer application.
- Installs ColorSync profiles into the *ColorSync™ Profiles* folder, in the *Preferences* folder, inside your *System Folder*.
- Installs the Phaser 550 GX printer driver in the *Extensions* folder inside the *System Folder*.

■ **Standard plus QuarkXPress printer software** installs all of the software listed under **Standard printer software**, plus:

- Installs the QuarkXPress PDF file into the folder you specify. Select the *PDFs* folder inside the QuarkXPress application folder when prompted during the software installation procedure.
- **ColorSync Profiles** installs the *Phaser 550 Profile* printer profile for use with ColorSync 2.0 into the *ColorSync™ Profiles* folder, in the *Preferences* folder, inside your *System Folder*.

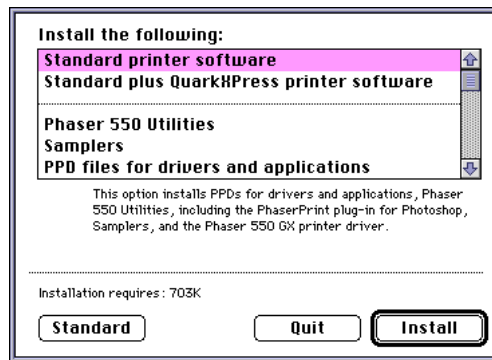

- **Phaser 550 Utilities**

- Installs printer utility files, such as color corrections, tray selections, and print quality modes, and the *PhaserPrint™* plug-in for use with Adobe Photoshop, in a *Phaser 550 Utilities* folder inside a *PhaserTools* folder created by the Installer application.
- Installs the *LaserWriter Utility* downloading and utility application into a *PhaserTools* folder created by the Installer application.
- **Samplers** installs color sampler charts and a fonts sampler in a *Samplers* folder inside a *PhaserTools* folder created by the Installer application.
- PPD files for drivers and applications installs the following files in the *PPD folder*, in the *Extensions* folder, inside the *System Folder*:
 - *TK550171.PPD* (PostScript printer description file for use with the standard 17-font version of the printer)
 - *TK550391.PPD* (PostScript printer description file for use with the printer's extended features option with 39 fonts)
- **PDF file for QuarkXPress** installs the *Phaser 550.PDF* PostScript printer description file for use with QuarkXPress into the folder you specify. Select the *PDFs* folder inside the QuarkXPress application folder when prompted during the software installation procedure.
- **Phaser 550 GX printer driver** installs a printer driver for use with QuickDraw GX and System Software 7.5, in the *Extensions* folder inside the *System Folder*.

Using the Installer

To install the printer's software, follow this procedure:

1. Disable virus detection software before starting the *Installer* application. Either refer to the virus software's documentation for instructions, or **Restart** the Macintosh while holding down the **Shift** key to start the computer with extensions off.
2. Use either the Phaser 550 diskettes or CD-ROM.
 - **Floppy diskettes:** Insert the Printer Software for the Macintosh diskette into your computer's disk drive.
 - **CD-ROM:** Insert the Phaser 550 CD-ROM into your computer's CD-ROM drive.
3. Double-click the **Phaser 550 Installer** icon. Click **Continue** until the following dialog box appears:

4. Select one of the standard options or select individual options; **Command**-click to select more than one item. Then click **Install**.

5. If you click the **Standard** button, the following dialog box appears. This option installs the **Standard printer software**.

Using a specific application

Note *For hints and tips on printing from a specific application, request a document catalog from HAL or EuroHAL, the Tektronix automated fax systems.*

QuarkXPress

To use the printer with QuarkXPress 3.11, 3.2, or 3.3, follow the instructions in [Using the Installer](#) to install the *Phaser 550.PDF* printer description file. Once the file is installed, the printer's name appears alphabetically in the list of installed printers in the QuarkXPress custom **Page Setup** dialog box.

Other applications

To use the printer with Aldus PageMaker 5.0 or FreeHand 4.0 follow the instructions in [Using the Installer](#) to install the *PPD* printer description files. Once the files are installed, you can use them to set up the LaserWriter 8.x driver (or another PPD-driven printer driver) for your printer.
